## Summary

---

Information Engineering Technology student with a strong interest in web development and cybersecurity. Recently built a web app focusing on UI design and frontend functionality. Eager to apply and expand my skills in a professional environment through an internship opportunity. Quick learner with a passion for solving real-world problems through technology.

## Projects

---

Automated Greenhouse System (FYP) 2025

- Developed a smart greenhouse prototype using ESP32 and sensors.
- Built the frontend using Next.js and Firebase to visualize and control sensor data.
- Collaborated in a team to integrate IoT with a responsive web dashboard.

Web UI Project (v0.dev) 2025

- Designed a modern web app interface using v0.dev.
- Focused on layout, styling, and usability using Tailwind CSS.
- Practiced responsive design and clean user interface techniques.

## Education

---

National Skill University Islamabad

BSc Information Engineering Technology 2022–2026

CGPA: 2.9/4.00

Self-Learning : Web Development and Cyber Security Online

## Skills

---

<b>Programming</b>	TypeScript, JavaScript, C/C++, Python, Java, PHP
<b>Frameworks/Libraries</b>	Next.js (learning), React.js (learning), Tailwind CSS
<b>Cloud &amp; Tools</b>	Firebase (basic), AWS, Azure, Git, GitHub, VS Code
